Updated on December 6, 2015 at 9:36 AM Reply.The Howard Hughes Medical Institute (HHMI) is launching a three-year program to support the development of new biofuels. Launched today at the University of

California (UC) Riverside, the program builds on the success of the HHMI-supported Bioenergy Research Centers (BRCs) at the University of California San Diego (UCSD) and the Lawrence Berkeley National Laboratory (LBNL), which were each awarded \$2 million in 2010 to create research teams and start-up companies in the biofuel space. The Howard Hughes Medical Institute (HHMI) is launching a three-year program to support the development of new biofuels. Launched today at the University of California (UC) Riverside, the program builds on the success of the HHMI-supported Bioenergy Research Centers (BRCs) at the University of California San Diego (UCSD) and the Lawrence Berkeley National Laboratory (LBNL), which were each awarded \$2 million in 2010 to create research teams and start-up companies in the biofuel space. The 27-member Howard Hughes Medical Institute-Biotechnology and Biological Sciences Research Council (BBSRC) Bioenergy Research Center (BRC) at the University of California (UC), San Diego has produced the first three-year comprehensive study of U.S. renewable fuel production and improvement. The Howard Hughes Medical Institute (HHMI) has awarded more than \$20 million to support the research teams at six Bioenergy Research Centers (BRCs) established across the United States. The Howard Hughes Medical Institute (HHMI) has awarded more than
